There's no fee to receive timely and relevant turf research news and project reports that you will not see elsewhere. Well, eventually you might see them but why wait for others to provide news about advancements in the turf management industry when you can get it straight from the source!

**About the CTRF**

*Since 1973, CTRF and its member organizations have funded turf research projects aimed at advancing education and scientific knowledge associated with the safe, recreational and functional use of turfgrass. Findings directly and positively impact soccer, rugby, lacrosse and cricket pitches, baseball and football fields, golf courses, lawn bowls, parks, home lawns and anywhere there is managed turf.*
